

Sixty competitors from NSW, Victoria and Queensland gathered at Huskisson Beach at Jervis Bay on the NSW's south coast to compete in the **2002-03 Windsurfer Class 'Inner Circle Rum' Australian Championships** held over the Easter long weekend. This event was conducted concurrently with the annual Australian University Windsurfing Championships.

## Windsurfer Class

Five days were set aside to complete a busy program consisting of registration, ten course races, a double elimination series of Slalom, a Marathon and the Freestyle event not to mention the compulsory, on-going partying. Not surprisingly for this time of year, the wind was from the south for the duration of the Championships. Southerlies don't provide good sailing conditions at Huskisson as they don't get in close enough to the beach and can also generate a pretty mean shore dump which makes leaving and returning to the beach a real problem even for the experience sailor so competition was relocated to the alternate venue at Sanctuary Point fifteen minutes drive away. On the Friday after completion of registration, one course race was sailed in the gusty southerly conditions with wind strengths ranging from 10 to 30 knots .... this really made for an interesting first race. Then it was pack up time and down to the Husky Pub for a cook-your-own BBQ meal and a quite drink.

Saturday saw four course races completed in a 12-15 knot southerly with some big shifts thrown in just to keep everyone 'on their toes'. When racing was done for the day it was down to the Huskisson RSL for the Welcome Party.

With five course races completed and Sunday morning presenting a very light southerly, attention was given to the Freestyle competition. Dennis Winstanley provided one of his now to be expected polished performances to narrowly take the title from another great routine by Robbie Treharne with Matt Whitnall finishing third. Tonia Grimshaw-Lloyd was declared the Women's Freestyle Champion only after a count back was needed to break a tie on points with Karen Murden who ultimately finished in second place. Turia Vogel, Cook Island's 2000 Olympic representative and more used to sailing Mistral One Designs than Windsurfers, did really well to finish just one point behind in third place. Although the wind strength was still only light, the Race Committee was anxious not to waste any opportunity so course race number 6 was sailed with Jason Morris from Victoria revelling in the conditions dished out a lesson in light-wind sailing tactics to the rest of the fleet to finish a clear first place overall.

Monday saw similar conditions to the previous day with a light and shifting southerly blowing. Again, course racing was the go with races 7 and 8 completed before lunch. Then it was time for the Slalom even though the wind was a little on the light side. The winners' round was completed in acceptable conditions although the Final was a marathon pumping affair as by then the breeze had virtually died completely.

With 10 knots of wind on the Monday, the Race Committee opted to complete the losers' round of the Slalom. This provided some great racing with Robbie Treharne leading the way in the Men's from Martin Stone and Dennis Winstanley. Turia Vogel showed her board handling skills by winning four of the five heats in the Women's Slalom to win from Karen Murden and Penny Tanner who did extremely well to finish in third spot. Not content to leave it at that it was onto the Marathon after lunch. After an hour and a half of sailing, lightweight sailor Robbie Treharne, lead the fleet home followed by Stuart Gilbert and the light wind flyer from Victoria, Jason Morris in third place. Again, Turia Vogel stamped her dominance on the event by finishing tenth overall and first women to finish followed by Karen Murden and Tonia Grimshaw-Lloyd.

Then it was off to the Presentation function at the Huskisson RSL. The Women's Pentathlon was won by Turia Vogel, the Men's by Robbie Treharne, the Masters by Karen Murden who beat the men in the process, the Grand Masters by Greg Johns and the Ancient Mariners by Peter Nitschke from Queensland.

Special mention must be made of Turia Vogel and Warren Holder. While Turia is an Olympic sailor and Warren is a wavesailing legend from way back, neither had previously sailed on a Windsurfer One Design before and both put in amazing performances in the variety of conditions experienced. Another special mention must be made of Matt Whitnall's effort. Matt, a heavyweight sailor, had the Men's Pentathlon 'in the bag' until he failed to sign off for the Marathon - a huge disappointment for both Matt and all concerned.

Thanks must go to Stuart Gilbert who organised the Inner Circle Rum T-shirts and to Bill and Coleena Grimshaw for their tireless work in providing the lunches each day. Thanks also to two very special people, Glen Grunfelder and Miles Moulson, who worked their butts off to ensure the event was a success and that the sailors had every opportunity to enjoy themselves.

At a sailors' meeting held during the Championships it was decided that the next Windsurfer Class Championships would be held at Mooloolaba, Queensland during Easter 2004. Keep watching this space for further details. Hope to see you all there then.
